GREATEST BATTLE OF THE WAR RAGES ON WESTERN FRONT; ALLIES ARE ADVANCING

French Claim Belgians and British Have Repulsed the Germans and the French Themselves Have Made Notable Progress North of Arras.

ADVANCING GERMANS ARE LITERALLY MOWED BY THE BRITISH GUNS

Germans Again Tried to Use Asphyxiating Gases. But the British Had Prepared and Took Charging Germans by Surprise—Desperate Fighting Continues in Galicia—The Austro-Germans Claim Great Victories, But Claims Are Not Admitted by Petrograd.

London, May 11.—With two of the greatest battles of the war in progress, one between Arras and the Belgian coast and the other in western Galicia, to say nothing of operations in the Dardanelles, and lesser engagements along the eastern and western fronts, the armies of the belligerents are now fully occupied.

The battle in northern France and Flanders might be divided into three sections.

From the coast to Dixmude the Belgians supported by French marines have taken the offensive, and, besides repulsing German counter-attacks, have gained a footing on the right bank of the Yser canal.

Around Ypres, particularly to the east of that town, the Germans continued to attack the British lines and again are using gas and a tremendous amount of artillery, but, according to the British version, without making any impression.

Farther south, as far as Arras, the French continue their offensive, and have made material progress, capturing a number of Germans, with guns and machine guns.

Great importance is attached to the French operations, as it threatens the German lines of communication for the armies on the Oise and the Aisne. There has been no doubt as to the decided results.

ARTILLERY PLAYS GREAT ROLE.

According to the French report, their railway lines having been damaged by allied airmen, have brought up reinforcements by motor. These have been met by the concentrated fire of the French artillery. In fact, the artillery is becoming more and more the determining factor in the war.

Around Ypres, the Germans before launching their attacks, which have been delivered on successive days, thoroughly searched the ground with heavy and light guns, subjecting the British to a bombardment such as they themselves received at Neuve Chapelle. Officers and men who have escaped from it state that the trenches were utterly destroyed and the ground churned up by the shells.

Nevertheless, the British found some kind of shelter, and moved on. The German infantry when it tried to advance.

There are no signs of the German attack slackening. The Germans are reported to be concentrating more levies in Belgium ready to take the place of or support those on the firing line. Indeed, many believe that the biggest effort yet undertaken to reach the French coast ports is now under way.

Alfred G. Vanderbilt's Body Reported Found

ALFRED VANDERBILT AND MAP SHOWING LOCATION OF DISASTER.

VANDERBILT'S BODY REPORTED FOUND

It is said that the body was picked up on the Irish coast and is being taken to Queenstown.

Queenstown, May 12.—(3:02 a. m.)—There is a persistent rumor current here that Alfred Gwynne Vanderbilt's body has been recovered on the Irish coast. Mr. Vanderbilt, secretary, is investigating the rumor.

London, May 12.—(2:10 a. m.)—The Daily Mail asserts that the body of Alfred Gwynne Vanderbilt has been found and is being taken into Queenstown.

MORE CORPSES ARE RECOVERED.

Queenstown, May 11.—The identification of ten of the sixteen dead picked up during last night by the Dutch tug Poolzee, chartered by the Cunard company, twenty miles west of the spot where the Lusitania was sunk, was the only incident of the day tending to relieve the depressing routine.

Among the sixteen dead brought in by the tug only two were the bodies of American—Mrs. Stewart Mason, of Boston, and Mrs. Della Gordon, wife of Francis Gordon, of New York.

The American consul claimed both and will send them to the United States. Ten bodies from Baltimore and two from Cleveland were expected to arrive at Queenstown this afternoon on the tug Flying Fox, but an obdurate corner insisted on a formal inquest before releasing them and it was doubtful tonight when the bodies would reach there.

There is considerable indignation among some of the survivors, who say that full measures to recover the floating dead have not been adopted, but the Cunard officials assert that it is almost impossible to charter tug or other craft as all of them have been commandeered by the British admiralty. The tug Poolzee was found in this harbor only by chance.

There are plenty of British craft available for the search, but it is considered that it would be inviting submarine attacks to cruise around the scene of the disaster.

The Poolzee went as far south as Cape Clear and returned with quantities of the Lusitania's light deck furniture. A misty rain was falling when the search was abandoned.

GERMAN OFFICERS HEREWARN ZONE ORDER FOR NEUTRAL SHIPS

Submarine Commanders Specifically Instructed Not to Harm Neutral Vessels Not Engaged in Hostile Acts.

IF SHIPS ARE INJURED DAMAGES WILL BE PAID

And Germany Will Also Express Regret—Latest German Announcement Is Transmitted to Washington by Ambassador Gerard.

Washington, May 11.—Germany, through Ambassador Gerard, today notified the United States that submarine commanders had been specifically instructed not to harm neutral vessels not engaged in hostile acts, and that Germany would pay for damages to such ships in the war zone.

Neutral ships carrying contraband will be dealt with, the announcement says, according to the rules of naval warfare.

To Pay Damages.

If neutral ships are accidentally damaged in the war zone Germany will express regret and pay damages without prize court proceedings.

The German government justifies its submarine warfare on the grounds that England is threatening to starve the civilian population of Germany by prohibiting neutral commerce in foodstuffs and other necessities.

In previous communications Germany has declined responsibility for any harm that might befall neutral vessels venturing into the war zone.

The text of the announcement, cabled by Ambassador Gerard, which was issued by the German foreign office, is in the form of a circular to German naval commanders.

"First: Imperial German government naturally has no intention of causing to neutral ships any harm or damage. On the contrary, the most definite instructions repeatedly have been issued to German war vessels to avoid attacks on such ships under all circumstances. Even when such ships are carrying contraband of war on board, they are dealt with by submarine solely according to the rules of international law applying to prize warfare.

When neutral ships are sunk, the German government is as soon as the sinking of a neutral ship in the above-mentioned sense, the German government will endeavor to ascertain the cause, and if the grounds appear thereby to be given for association of such a hypothesis with the German government, it will not delay in carrying out the provisions of paragraph two above. In case the German government contrary to the viewpoint of the neutral government is not convinced by the result of the investigation, the German government has already on several occasions declared itself ready to allow the question of liability to be decided by an impartial commission, according to Chapter three of the Hague convention of October 18, 1907, for the peaceful solution of international disputes."

GUARDS ARE DOUBLED FOR GERMAN STEAMERS

Boston, May 11.—Outposts guards on the German steamers that sought refuge here at the outbreak of the war were doubled today by order of Edmund Billings, collector of the port. Mr. Billings explained that he had heard rumors that attempts would be made to damage the German steamers by the use of dynamite for the destruction of the Lusitania and although he feared such action he wished to take every precaution.

BOSTON GRAND OPERA ENDS IN BANKRUPTCY

Boston, May 11.—The Boston Opera company, by producing grand opera in this city for six seasons, filed a voluntary bankruptcy petition today. The schedule shows liabilities of \$116,980, and assets of \$73,800.

The principal creditors are E. H. Jordan, organizer of the company, who has a claim for \$75,000. A like sum is owed the members of the orchestra, while \$13,000 is due Henry Russell, managing director.

Guarantee Is Demanded That Lusitania Horror Will Not Be Repeated

American Note Warning Germany She Would Be Held to "Strict Accountability" Is Recalled—Germany Is Told That the Fact That She Gave Notice of Intention to Commit Unjustifiable Act Does Not Justify the Act. President Wilson Realizes the Gravity of Step Decided Upon, and Is Prepared to Back It Up by Measures Necessary to Uphold Honor of United States.

Washington, May 11.—President Wilson had virtually decided tonight on the first step in the policy which the United States government will pursue as a result of the sinking of the British liner Lusitania with the loss of more than a hundred American lives.

The president will act promptly—within another day or two. A draft of a communication to be sent to Germany was submitted to the cabinet today and approved unanimously. While no official announcement was made, it was learned that the United States would present and insist upon an explanation of the series of incidents which have occurred since the proclamation of a war zone around the British isles, the sinking of the Falaba, causing the death of Leon C. Thresher, an American citizen, the attack by German airmen on the American steamer Cushing, the torpedoing of the American steamer Gulfight and finally the destruction without warning of the Lusitania with a toll of more than a thousand lives.

In what are described by those familiar with the document, as firm and unmistakable terms, the president voices the intense feeling of the United States over these happenings, and in the name of international law demands an adherence by Germany to the established rules of maritime warfare.

ASSURANCE DEMANDED.

The note asks that some assurance or guarantee be given hereafter that unarmed merchant vessels carrying noncombatants be visited and searched when encountered on the high seas by the German navy and passengers and crew transferred to a place of safety before any prize is destroyed.

The president points out, it is understood, that the United States in its note which said Germany would be held to "strict accountability" for any damage to American vessels or lives had not admitted any right on the part of Germany to carry on such methods of warfare, and declares, moreover, that the giving of official notice of an intention to commit an unjustifiable act does not justify the act or make it lawful.

STRONG ACTION, IF NECESSARY.

What will follow in the event of a refusal by Germany to comply with the expressed wishes of the note, about to be sent, no one of the president's official family would predict. They believe that the United States will take strong action, if necessary.

Captain Smith in Sworn Statement Tells How German Submarine Deliberately Attacked the American Steamer.

Washington, May 11.—The state department today made public a sworn statement by Ralph E. Smith, former chief officer of the American steamer Gulfight, describing the torpedoing of that vessel May 1, off the Scilly Islands. When torpedoed, the officer says, the Gulfight was flying a large American ensign six by ten feet in size. He said he saw the submarine "bore" to distinguish or see any flag flying on her."

Chief Officer Smith further says that shortly before the submarine was sighted two British patrol boats, the Iago and Flycatcher, took positions on either side of the Gulfight and ordered her to follow them to the Bishop Lighthouse.

"I personally observed our flag standing out long to the breeze," the officer stated.

Captain Smith's statement follows:

ADVERTISE To Strangers

Friends know all about you and appreciate your goods and service.

You must advertise to turn strangers into friends.

You must make them want to come and get acquainted. After that it is up to you to hold them as valued patrons.

The Constitution advertising columns are the ideal introducer.

They bring your message with the newspaper's good will behind it.

They reach the strangers you want to turn to friends.

Honest advertising is most productive when used in The Atlanta Constitution.

BY RACE IN AUTO FORMER ATLANTAN OBTAINS A BRIDE

ATLANTA EXTENDS 2,000 NEWCOMERS ROUSING WELCOME

Rotarians, Who Foster the Idea, Make Auditorium-Armory Scene of Gaiety and Old-Timers Catch the Spirit.

THOUSANDS ENLISTED FOR "GREATER ATLANTA"

Massive Picture of "Atlanta in 1965" Shows Goal to Which New and Old Citizens Will Work.

The monster crowd which almost filled the Auditorium-Armory last night at the first annual Newcomers' night was not the first time that it comes to staging spectacular entertainments the Atlanta Rotary club can show the man who invented the word "raucous" exactly what it meant when applied correctly.

From the time the last speaker had filed through the armory doors and into the way home the Rotarians were objects of profuse congratulations upon the success of a celebration that promises to become an annual affair and an institution in civic life. The success of the event even exceeded the expectations of its creators and its first season's production is assured.

More than 2,000 new residents of Atlanta were in attendance. Some estimated the number at 3,000, while others were inclined to go higher. Anyway, there were more Newcomers than Oldtimers, and the Auditorium was more than two-thirds filled—no judge for yourself.

Newcomers Line Up.

There wasn't a dull minute and never a wry face or lack of smiles and laughter. Oldtimers and newcomers mingled in the seating, who were not Rotarians, getting acquainted and spreading jubilation to the tune of rousing strains from a twenty-piece band illustration of the unbounded spirit of revelry could be found than the instance of the young and ethical undertaker who was followed by a short talk from Mayor Woodward, another from Rev. Richard Orme Flinn, Burton Smith and Dr. Lyons.

London, May 12.—(2:44 a. m.)—Anthony F. Wilking, of New Zealand, former tennis champion of Great Britain, and who several times won a member of Australian teams in the Davis cup matches, has been killed in the fighting in the Dardanelles. He was a second lieutenant in the Royal Marines.

SOCIOLOGY CONGRESS CONCLUDES SESSION

Houston, Texas, May 11.—The Southern Sociological congress concluded its fourth annual session here tonight. The next meeting place will be selected by the executive committee.

John Hilder, of New York, field secretary of the National Housing association, a speaker at the final session, advocated municipal governmental control as a remedy for bad housing conditions.

W. B. P. Brooks, president of Baylor University, Waco, Texas, was elected president of the congress last night. He was elected to inaugurate health crusades in their localities.

TRUK CAPTURE TURK TRENCHES

Important Positions Carried on Gallipoli Peninsula at Point of Bayonet—Turk Losses Reported Heavy.

Paris, May 11.—The following official note concerning the operations in the Dardanelles was issued tonight: "On the evening of May 1 the French British force operating in the south of the Gallipoli peninsula delivered a successful attack, supported by the allied fleet, against the Turkish positions, which already had been penetrated the day before.

"Our troops, with conspicuous spirit and courage, carried at the point of the bayonet several lines of trenches on the heights in the neighborhood of Krithia. On May 2 they consolidated and fortified themselves on the ground conquered the previous day. The Turks have made no attempt to deliver a counter attack."

ALLIED TROOPS DRIVING TURKS.

London, May 11.—The allied troops on the Gallipoli peninsula continued their advance Friday and Saturday according to an Athens dispatch to the Exchange Telegraph company. They are reported to have occupied important positions in spite of the desperate resistance offered by the Turks. The total losses are estimated at 4,500 men. The hospitals in Constantinople are said to be so crowded that wounded are being sent to Komish in Asia Minor.

SUCCESS CLAIMED FOR THE TURKS.

Constantinople, May 11.—(Via Amsterdam and London).—The following statement was issued by the Turkish war office:

"On the Dardanelles front the enemy made four desperate attacks near Avram Burnu Sunday night, but was repulsed by bayonet attacks and suffered heavy casualties. Three enemy battalions were annihilated.

"Monday afternoon the enemy constantly carried away wounded to their boats. "In the south, near Seddul Bahir, the enemy attacked under the protection of naval guns, but owing to our counter attacks his assault was unsuccessful."

TURKISH REPORT NOT CONFIRMED.

London, May 11.—The admiralty tonight issued the following statement: "A Turkish official communication coming by way of Berlin and Amsterdam, says the Anatolian command, A.E.C. has been sunk by Turkish warships. While Turkish reports of the capture of Marmara, and that the crew of three officers and twenty-nine men were taken prisoners."

"Confirmation of this report so far has been received at the admiralty."

undisputed possession of Libau for the present. "The British war office communication: Yesterday afternoon the Germans made another attack east of Ypres in the neighborhood of the Menin road. Although they subjected our troops to a very heavy bombardment and cover of poisonous gas, their attack failed.

"During this attack our shrapnel inflicted very heavy casualties on the enemy when they were in mass formation, literally mowing them down. Today there have been artillery actions on the greater part of the front."

NOTABLE GAINS FOR THE FRENCH.

Paris, May 11.—An official war office statement tonight said: "North of Dixmude Belgian troops, who have thrown up a bridgehead on the right bank of the Yser, were subjected to violent attacks by three German battalions last night. The Belgians repulsed these, inflicting on the enemy heavy losses and taking about fifty prisoners."

"Another Belgian division has gained ground to the south of Dixmude. "East of Ypres the British troops have been attacked again with the aid of gas, but they have repulsed the fumes to pass over, under the protection of machine guns and snipers, and by rifle and machine gun fire they annihilated, at the very point of their advance, the German troops who had advanced in close formation."

"Our success north of Arras was sensibly enlarged today, when the German line was broken in an engagement of extreme violence. In front of Loos we captured, after a desperate struggle, an important German work and an entire system of trenches constructed along the road from Loos to Ypres."

"Further south we captured by assault the big blockhouse of the chapel of Notre Dame de Lorette. This position had been recently fortified and turned into a veritable fortress. It was on the right bank of the Yser, and this afternoon by our troops."

"We have without pause pursued our success in pressing the enemy energetically between the chapel of Notre Dame de Lorette and Abail-St. Nazaire. All the German trenches south of the chapel have fallen successively into our hands. In front of the found several hundred dead bodies of the Germans."

"The German line between Abail-St. Nazaire delivered a counter-attack which was repulsed. "We have also taken the offensive against the sugar refiners at Souchez. At Courcy the investment of the German position has been drawn tighter by us."

"The German columns which had been in the eastern part of the village of the chapel have fallen successively into our hands. In front of the found several hundred dead bodies of the Germans."

PARIS SUBURBS RAIDED BY GERMAN AEROPLANE

Five Bombs Dropped on St. Denis—Five Sleeping Men Are Wounded.

Paris, May 11.—A German aeroplane passed over St. Denis, a suburb of Paris, shortly after 7 o'clock this morning and dropped five bombs.

One bomb fell through the roof of an apartment house, and another, which struck the floor, where it exploded. Fragments of the bomb wounded the boy.

"Another missile, on exploding, wounded five men who were sleeping in a room. The other bombs damaged an apartment house."

PRESIDENT BAUGH DENIES TRANSFER OF LITTLE ROCK

Mobile, Ala., May 11.—(Special).—President Baugh took occasion while here to deny the report that the Little Rock franchise would be transferred to the city of Montgomery.

"The report is entirely untrue," he said, "and he put a stop to the shaming by the press."

"On the rest of the front there has been no change in the position. Our aviators yesterday bombed a hangar for dirigible balloons at Maastricht and started a fire. An American plane was shot down, but without doing any damage."

"Another aviator of the enemy pursued between the Argonne and the Meuse by French aviators and was compelled to come down within the German lines, where his machine took fire."

"On the other hand, the Germans brought down yesterday a British aviator and British soldiers were successful in bringing down two German aircraft."

ALL GERMAN WAR STEEPING BRITAIN

Riots Have Occurred in Many Places—Exchange Doors Are Closed to Persons of German Blood.

London, May 11.—The east end of London tonight was the scene of serious anti-German riots, arising from indignation over the sinking of the Lusitania and yesterday's air raid on London.

Many attacked German shops in the Poplar, Limehouse, Stepney, Walthamstow, Bethnal Green and Canning Town and other districts. Windows were smashed, shutters and doors torn down, and premises wrecked and in some instances inmates were maltreated.

Policemen eventually restored order, but there is apprehension that the trouble will be renewed tomorrow. Feeling is rapidly rising and is being fanned by the demands of the press and many public men that drastic measures be taken against alien enemy subjects."

"At Queen's Crescent, Camdentown, five thousand persons attacked German shops in the neighborhood."

"Liverpool rioters have been, in being held, speakers advised the crowd to refrain from further violence. This advice was unheeded, however, and directly the meeting ended, five thousand persons attacked German shops in the neighborhood."

NO BIRTHDAY GAITIES FOR KING OF ENGLAND

London, May 11.—By the king's command, all celebration of the birthday of King George V. will be dispensed with this year owing to the war.

The foregoing announcement was made public tonight by the British official press bureau. King George was born June 3, 1865.

Most Old People Are Constipated

The wear of years impairs the action of the bowels. With advancing age people are disposed to restricted activity and exercise which is responsible for the constipated condition of most old folk. The digestive organs are more sensitive to the demands made upon them and rebel more quickly. A mild, effective remedy for constipation, and one that is especially suited to the needs of elderly people, women and children, is the combination of simple laxative herbs with pepsin that is sold in drug stores under the name of Dr. Caldwell's Serravallo's. A free trial bottle can be obtained by writing to Dr. W. B. Caldwell, 418 Washington St., Monticello, Ill.

THIEF STABS CAPTOR TO MAKE HIS ESCAPE

In an effort to hold a negro anathist until the police could arrive, Louis Goldstein, aged 18, was stabbed in his left shoulder by the thief, in a store at 131 East Georgia avenue Tuesday morning.

Goldstein bled so profusely from his wound that he weakened and the negro, breaking his hold, escaped.

M. Goldstein, father of Louis, who operates the general merchandise store, had caught the negro in the act of pocketing a package of shoes.

NOT COMMON CARRIERS IS CLAIM OF JINNETS

Much interest centers today in the hearing before the state railroad commission of the petition of the Georgia Railway and Power company, asking that the jitney buses of Atlanta be regulated as common carriers. The jitney people will plead that they are not common carriers.

ATLANTA MAN HEADS KNIGHTS OF COLUMBUS

Thirteenth Annual Convention of Georgia Council Entertained by Local Knights.

The following officers were elected at the thirteenth annual convention of the Georgia State Council, Knights of Columbus, in session in Atlanta on Tuesday.

M. C. Carroll, Atlanta, state deputy; J. J. Tarleton, Augusta, treasurer; Edward A. Sheridan, Macon, advocate; Thomas Ballantine, Savannah, warden; T. C. Hamilton, Atlanta, and H. J. McHenry, Columbus, were elected to represent the state deputy and past state deputy at convention of the national council in Seattle, next August.

The visitors, of whom there were some 200, were entertained at a luncheon at the Capital City Country club, Bishop Kelley, of Savannah, was master of ceremonies.

The convention closed with a banquet at the Wincoff Tuesday night.

The 13th convention will be held May 12, in Columbus. Savannah Knights put up a strong fight for the next convention, but Columbus received a majority of the vote.

At the closing sessions good reports were submitted by the local councils, showing the council in healthy condition in every department, and practically every local council showed an increase in membership.

It was reported that a new local council is being formed in Brunswick. It will be instituted by State Deputy Carroll as soon as the required number of members is secured.

President Carroll within the next few weeks will announce his district deputies. They will probably be Judge Augustin D. Daly, of Macon, and John J. Bowden, of Savannah.

WANT SEWERS LAID UNDER SUPERVISION OF CITY DEPARTMENT

The sewer committee will ask council to amend the city charter so that hereafter whenever any land or ground the city is developed for residence, the laying of sewers and the grading of streets must be done under the supervision of Atlanta's department of public works.

This action has been taken because of the city having had in the past so much trouble with sewers and streets in sections developed by private parties and afterwards taken over by the city.

Recently there has been much complaint of the sewer system in West End Park and several thousands of dollars, it is said, must be expended to get the sewers constructed so they will be adequate to take care of the sewerage and surface drainage.

"SEEING GEORGIA" TOUR COMMITTEE WILL MEET

The general committee in charge of the first "Seeing Georgia" tour will hold its first meeting at 3 o'clock Wednesday night in the assembly hall of the Atlanta Chamber of Commerce, in response to a call issued by the chairman, W. J. Dabney. The committee has membership of about one hundred being residents of Atlanta and the rest from various towns in north Georgia. Responses to the call indicate that there will be a considerable attendance of the out-of-town members. The committee will receive reports from the various special committees having in charge the details of the tour, and will plan to start the tour with not less than one hundred cars in line.

Secretary-Manager A. M. Smith, of the Georgia Chamber of Commerce, states that apparently there will be little to do for the committee on entertainment which the tourists will pass as they proceed on their way through the state. All cars will be assigned numbers in the order the applications are received. Applications should be sent to A. M. Smith, secretary-manager, Georgia Chamber of Commerce, Atlanta.

CLOUDS WILL BREAK SOME TIME TODAY

The weather man stated positively Tuesday afternoon that today would dawn cloudy and overcast, but that the clouds would begin dispersing along toward noon, clearing during the afternoon. The late afternoon and night, he stated, would be fair and warmer with increasing temperature.

Tuesday was a bleak, rainy day, showers fell incessantly since 4 o'clock Wednesday morning the rain seldom ceased. Dulles kept up through the early part of last night and it was only the encouraging word of the weather man in prediction of today that kept amateur prophets from brooding over possibilities of a rainy sleep.

PERSONAL WORK BRINGS MANY INTO CHURCHES

In his report on the personal work of the members of the evangelical churches in Atlanta, Dr. A. M. Hughes, president of the Evangelical Ministers' association, says:

There have been for one week ending May 9, 118 persons received in the churches on a confession of faith and 129 by letter. Of those making a confession 41 were Methodists, 29 Baptists and 28 Presbyterians.

The totals to date are: By confession of faith, 646; and by letter, 156.

COLLINS DISTRICT CLUB WILL RALLY AT BOLTON

The Collins District Improvement club will have a rally at Bolton Thursday evening at 7:30 o'clock. The members of this club have made great preparation for this occasion. Addresses will be made by James I. Key, Albert Howell, Charles Ross, Oscar Mills, Thomas Winn and others. This club was recently organized for the social and welfare of Collins district and number among its members many of the prominent citizens of Fulton county.

G. & F. MAY CHANGE AUGUSTA STATIONS

The state railroad commission on Tuesday heard and took under advisement the petition of the Georgia and Florida railroad asking permission to discontinue its use of the union passenger station in Augusta and use a station which it will provide at Twigg and Calhoun streets. The railroad claimed that the cost of using the union station is not justified by the passenger traffic the road now has.

COMMISSIONER HEAR FRANK APPEAL IN ME

Secretary Yancey Declares Special Hearing Room Was Without Foundation.

Goodie H. Yancey, secretary of the state prison commission, stated Tuesday that the Frank appeal for commutation would, in all probability, take the regular course and come before the board at the next scheduled meeting, the week of June 2.

This statement followed a report yesterday to the effect that the Frank case had been scheduled to come before the board on May 19. Mr. Yancey said there was no basis for this report. There has been much speculation whether or not the Frank plea would be heard at a specially called session, or would take the regular course.

Judge Patterson and R. E. Davidson, members of the prison commission, will be in Atlanta during the week of May 19. It was stated that although the case is said to have no connection with the Frank case, Mr. Yancey said Tuesday that the action had not been taken or outlined in regard to the hearing, except of course the filing of the appeal immediately after notification of the supreme court verdict.

If the appeal does not come up until June 2, the question of Frank's case seems to fall into the hands of Governor Slaton for decision. It might be called on to act in the case, but the board of prison commissioners in Georgia adjourns its sessions last week to convene again June 7.

The governor stated that it probably would take some time for the board to review the evidence in Frank's case and that its recommendation might not be in hand before the time for his successor, Judge N. E. Harris, to take office.

Statement by Governor Slaton.

An Associated Press dispatch from New York, May 11.—Governor John M. Slaton of Georgia, in a statement made here last night regarding action which might be taken in the case of Frank, said there was a possibility that he might be called on to act in the case. He said the board of prison commissioners in Georgia adjourns its sessions last week to convene again June 7.

The governor stated that it probably would take some time for the board to review the evidence in Frank's case and that its recommendation might not be in hand before the time for his successor, Judge N. E. Harris, to take office.

Fined For Fighting Over Dispute About Lusitania Disaster

Charged with drunk and disorderly conduct, Hayden Hughes, a man of some sixty years, told Recorder Johnson Tuesday that the sinking of the Lusitania was responsible for his plight.

"It all started over an argument about the sinking of the Lusitania," said the old man, "your honor. I don't matter if there was contraband on board, but it is believed that the British, the drawing of innocent women and children was murder in the sight of God and man."

The officers alleged that Hughes became so excited in his arraignment of the Germans that he came very near cleaning out one of the local near beer saloons.

CAMPAIGN IN SOUTH AGAINST CHILD LABOR

Dr. A. J. McKelway Tells of the Fight for Reforms During Past Decade.

Washington, May 11.—The campaign during the past decade for child labor reform in the south was described today by Dr. A. J. McKelway, southern secretary of the child labor committee. He declared cotton mills were the "chief opponents of child labor legislation," and said North Carolina was the most backward of the southern states in adopting the reform measures sought.

Dr. McKelway told in detail of the campaign waged in North Carolina and South Carolina, Georgia and Alabama. He asserted that some southern cotton mills were maintained as "show mills," with schools, churches, hospitals and welfare organizations.

"Beside these mills," he continued, "all of the other mills here, it is very difficult to secure remedial measures."

Illiteracy is Appalling.
The illiteracy of the children in the cotton mills of the south is appalling, said the witness. In 1906 in North Carolina, 16 per cent of all children between 10 and 14 years old were illiterate, he declared, while in the mills 50 per cent of the children of that age were illiterate. In South Carolina, 14 per cent generally and 45 per cent in the mills, and in Georgia 12 per cent generally and 44 per cent in the mills were illiterate.

"What amounts to feudalism prevails in these mill towns," said Dr. McKelway. "The companies own the streets, the schools and the churches—even in some cases the graveyards."

Dr. McKelway showed in the records detailed reports of investigations of agents of his committee in various mill towns in the south.

Dr. McKelway presented figures showing that many operatives, children and adults, in southern mills earned an average wage of less than \$1 a week. Questioned by Commissioner Walsh, he said negro children were not employed in the mills to any great extent.

Negro Children Far Better Than White.
It is a fact, he said, that negro children are getting a better opportunity for education than the white children of the south.

Dr. McKelway also told of the employment of young boys by mill companies and local messenger companies in the southern cotton mills. He said, conditions were "terrible."

The boys employed by the Western Union and Postal companies, he said, "are thrown in contact with dozens of red light districts and other vicious elements of night life in the cities."

They are called upon to deliver opium and cocaine in the cities, he said, and soon become familiar with life of vice.

Commenting on efforts to secure federal legislation for child labor, Dr. McKelway said it was hoped to pass a national child labor bill at the next session of congress.

PEACE COURT OF WORLD SEEMS TO BE PROBABLE

Cleveland, May 11.—The warring nations of Europe are about ready to join the neutral countries in celebrating the plan of the "World Court Congress," which convenes here tomorrow, for an international court of justice.

John Hays Hammond, chairman of the congress, indicated today, in a statement, that he hoped to have its plan for an international court of justice adopted by the powers, in principle, at least, at the congress.

He added that subcommittee of the congress, after correspondence and conversation with representatives of Europe, report that the proposition is favored on all sides.

And this is the outcome, said Mr. Hammond, "permanent peace for the world, a dream, for the sake of the world court congress calls for a permanent submission to the court of all disputes. The weakness of the League of Nations is that recourse to it is optional."

Mr. Hammond said there seemed to be a popular belief that Germany does not have an international court of justice.

"It is wrong," he added. "I will read at the opening of the congress a letter from Dr. Hays Hammond, who sometimes referred to as Emperor William's unofficial spokesman in the United States, which says categorically that Germany favors settlement of international disputes through a court."

The congress will make no formal reference during its three-day session to the outbreak of the war, but speakers will be requested to avoid any reference which will give the impression that the meeting is a stop-the-war effort, or, conversely, a question of national defense.

"We want to do what would embarrass President Wilson," explained Mr. Hammond.

Among the prominent men to participate on former President Taft, Judge Michael O'Connor, of Washington, D. C., Wesley Hill, of Baltimore, Col. H. H. Wood, of New York, and Samuel J. Tilden.

RECEIVER IS APPOINTED FOR FROHMAN'S ESTATE
London, May 11.—Westcott Woodcock, legal representative in England of Charles Frohman, the American theatrical manager, lost in the Lusitania, was appointed receiver and manager of Mr. Frohman's estate by the chancery court today on an application made by Miss Borekowsky, who is a creditor to the extent of \$2,500.

The appointment was made to cover only the period until a personal representative can take charge of the estate, Mr. Frohman having died intestate, according to the court.

DECATUR BOARD HOLDS "PROSPERITY DINNER"
Rousing Speeches by Prominent Georgians—Anderson Discusses Highways.

The "prosperity dinner" of the Decatur board of trade, for which life plates were laid last evening in the court house, was one of most enthusiastic and enjoyable events ever held in Decatur. Prominent leaders of the state were the speakers of the occasion and discussed matters of interest with local application to the successful record of the Dixie highway.

Bishop Warren A. Candler returned from a day in Georgia to fill his vacancy, and in discussing "Emory University, Decatur, Ga." he made an interesting and unique address on educational matters.

In his address, "The Benefit of Highways," Mr. Anderson, editor of The Macon Telegraph and a commissioner of the Dixie highway, stated that Georgia could not be among the least unless she had highways in every section, and expressed the belief that the Dixie highway should not be mapped out in this state until every foot of the roadway had been inspected.

The speakers and their subjects followed: The Program of the Evening—President W. J. Dabney, of the Decatur Board of Trade.

Agnes Scott and Decatur—Dr. P. H. Gentry, of the University of Georgia, Decatur, Ga. The State and South—Bishop Warren A. Candler, of Emory University, Decatur, Ga.

"Geological University, Its Plans and Progress"—Dr. H. H. Jacobs, president of Oglethorpe University, Savannah, Ga.

The Benefit of Highways—W. T. Anderson, editor of The Macon Telegraph, Decatur, Ga.

The Dixie Highway—The Nation, and Decatur, Its Capital City—Congressman William Seely Howard.

IS IT NOT TIME TO STOP FIGHTING EFFICIENCY?

"They have no excuse for their sin"

John 15:22

You have noticed--

How many of those finding fault with Atlanta's Chief of Police are men opposed to law enforcement! The effect of the liquor traffic is far reaching and disastrous.

Gordon's book, "The Anti-Alcohol Movement in Europe," says:

"The English Licensing Bill of 1908 (which would have closed between 30,000 and 32,000 drinking places in fourteen years) granted local option immediately for new licenses, and for all licenses after 1923. It was carried in the House of Commons by a majority of 350 to 113.

"Every member of the labor party voted for it.

"On the 24th of November following, Lord Lansdowne, the leader of reaction in the Upper House, invited the Unionist Lords to a private conference--

"Its fate was settled, it having been decided to reject it--

"130 members of the Upper House, voting on the bill, were either themselves brewers or holders of shares in brewing and distilling enterprises."

ENGLAND TODAY REARS

Concerning certain English camps, this Month's Century Magazine says:

"Fights, riots, outrages against the peace of neighborhoods became frequent. Tremendous scandals affecting certain troop centers were whispered about--men were shot, run over by trains and motor cars, curfews had to be established to gather girls and women into their homes at an early hour--"

Quoting Lord Kitchener's sister, the article continues:

"In the House of Commons it was said that between 30 and 40 per cent of our new soldiers are being rendered inefficient, through drink and its attendant evils. The Prime Minister admitted from 10 to 15 per cent--"

The Director of Transports says:

"Firemen go aboard the transports drunk, making it impossible to get up a full head of steam, thus endangering the lives of thousands of troops by making the vessels targets for submarines."

An Admiral says:

"In my opinion measures are necessary to withdraw all licenses to sell intoxicating liquors."

GEORGIA FORBIDS THE SALE OF LIQUOR IN CABS AND SALOONS

Her lawmakers did this years ago, not to kill joy, but to save people, and make them efficient.

To insure the enforcement of the law, these lawmakers made the possession of a United States liquor license prima-facie proof of guilt.

Every saloon--

All locker clubs in Atlanta have these confessions of law-breaking in their possession.

To the liquor evil they are adding contempt for law.

Is it right?

Why cultivate inefficiency?

Business of importance to the local unions must also be considered. A full attendance is desired. Visitors are cordially invited to be present.

Deatur School Presents Play

The English department of the senior class of the Deatur high school presented "An You Like It" on the bluewood campus Monday night to a large and appreciative audience. Shakespeare would have been proud could he have seen the splendid representation of his characters in the forest of Arden, and should any of the players aspire to drama, Ben Greer would no doubt welcome them to his fold of outdoor players.

Miss Llewellyn Withers as Rosalind, depicted her role with a most realistic manner, while Clifford Alden made an ardent lover as Orlando. Miss Mary Houston and Miss Lillian Harden kept the audience in an uproar with their gay antics as Touchstone and Audrey. William Higgins as the banished Duke, was exceptionally clever in his role, while his followers showed much talent in the portrayal of their respective parts.

Miss Nellie Kate Stephenson, as Celio, was radiant in her enthusiastic and sweet nature, while the work of Miss Withers in the role of the clown, was exceptional.

Miss Mary Beall Weeks, as Jacque, showed marvelous ability. The supporting players in their different roles, added much to the success of the play. Much credit should be given Miss Chas. Aiden, and Mrs. Jeta, as directors.

Will Give Recital

Frances Johnson will give a recital at the studio of Miss Weagan, 39 Cooper hill avenue, Thursday afternoon at 3 o'clock. An attractive program will be rendered.

At Wesley House.

Mr. and Mrs. McHan Entertain.

Mr. and Mrs. Augustus C. McHan entertained the members of their dinner domino club delightfully last evening at their home on Fourteenth street. The house was beautifully decorated with white and pink flowers. Baskets and vases of pink and white peonies were placed in the dining room, and tables for dinner, each table being decorated with a white rose.

Misses Laura and Ruby Simmons assisted the hostess. There were twenty-four guests.

The Terpsichorean Club.

A delightful event of the week will be the regular Terpsichorean club dance Friday evening to be given in the club rooms at the Vesper club-house. Among the chaperones for this affair are included Mr. and Mrs. Marshall Walker, Mr. R. P. Becht, Mr. and Mrs. Gibbs, Mr. and Mrs. George W. Benson, and Mr. and Mrs. Goff.

The following afternoon the club will entertain the second of a series of Saturday afternoon tea-dances, which are well patronized by Mr. Phil Clower, Mr. Homer Powers and Mr. Hal Jansell, who have charge of these delightful teas.

The club will be entertained Saturday evening with an informal "Dutch" supper by the president, Dr. Fred Curtis, at his residence, 328 North Jackson street. A business meeting will be held on this occasion, and ten new members are to be initiated into the order.

Mr. Phil Clower, Mr. Will Clower, Mr. Walter Kane, Mr. Claude Daly and Mr. Allan Gray will entertain Wednesday evening, May 13, at the club rooms, in honor of the Terpsichorean club.

The Atlanta Woman Suffrage league will meet this afternoon at 3:30 o'clock at the Carnegie library, Mrs. Eugene Mitchell presiding.

Study circle, No. 1, Atlanta Drama league, will meet at usual on Thursday morning, May 13, in Carnegie library. The reason for the day is a selected drama, "Flamma."

The Piedmont Continental chapter, D. R. will hold a very important meeting May 13 at 8 o'clock p. m. in their hall, Annet.

The monthly meeting of the Atlanta Woman's Missionary association, supporting the Travellers Aid work, will be held in the Central Congregational church, corner Ellis street and Carnegie Way, this morning, May 12, at 10 o'clock.

The West End Study class will meet this morning with Mrs. Lott Warren.

Calhoun, Ga., May 11.—(Special.)—With the location of the Dixie highway a few days away, renewed interest and enthusiasm are being shown daily in Calhoun and Gordon county.

The commissioners of Gordon county at their regular meeting here purchased a complete roadworking outfit, consisting of a forty-horsepower traction engine, with all other implements necessary in roadbuilding. This machinery is now being shipped and will be put in operation on the roads at once, and with the work that is already being done, it is intended to have a full force at work by the latter part of this week.

According to an official report of a government surveyor, Gordon county has the most level roads of any county from Chattanooga to Atlanta and very little grading will be necessary. The same survey shows that all along the route in Gordon county, there is an abundance of surfacing material of the very best grade, which proves that within a minimum time and at a minimum cost, Gordon county will be able to present to the Dixie highway committee a stretch of road as good as any from the lakes to the gulf.

It is also shown that the route from Chattanooga to Atlanta via Ringgold, Dalton, Calhoun and Cartersville, is over fifteen miles more direct than any other proposed route. These facts, together with the fact that the route from Chattanooga to Atlanta via Calhoun, Dalton and Ringgold, is unquestionably the most historic route, are expected to win the selection of the commission.

SOUTH GEORGIA SELLS MANY POLES AND TIES

Valdosta, Ga., May 11.—(Special.)—Crosstie manufacturers and dealers in this section are busy with the preparation in business within the past thirty days. The same is true also of the telephone and telegraph pole dealers, who are receiving orders for poles. It is said that a number of the big railroad systems plan to have practically been out of the market for a year.

The board Air Line is understood to be making bids on from 150,000 to 200,000 cross-ties, while inquiries and orders from other systems. The O. G. Ibach company, of Valdosta, has just filled an order for a lot of the largest cypress poles ever shipped from this section. They were feet long, 28 inches in diameter at the butt and 18 inches at the top, and cost \$12 apiece.

FARM WORK IN MORGAN ENCOURAGED BY RAINS

Madison, Ga., May 11.—(Special.)—Recent rains have encouraged the farmers here to get out their teams to work with renewed vigor. While a big crop of cotton is expected to be raised, the sale of fertilizers has fallen off considerably. Many factories in this section have failed to run at all, their doors remaining closed all the season. Only about thirty-five per cent of fertilizers will be sold this season as compared to last year. This is a great reduction.

UNIVERSITY GRADUATE SENTENCED AS BURGLAR

Macon, Ga., May 11.—(Special.)—B. G. Martin, a graduate of Sewanee university, was this morning sentenced by Judge H. A. Mathews, in the Bibb superior court, to serve a term of ten years in the penitentiary for the burglary of the Cullbough-Hedding Hardware company. R. F. West, also arrested for the same offense, was given a similar term yesterday. Both of them were arrested several weeks ago in Atlanta.

Martin, a young man with a good flow of language and a personality that appealed to every one who saw him, conducted his own defense throughout, examining the witnesses and making the argument before the jury. Just before he was sentenced he made a plea for leniency.

GIRLS OF WESLEYAN TO WELCOME SPRING

Macon, Ga., May 11.—(Special.)—The annual May festival at Wesleyan college will be given tomorrow afternoon and will be a very attractive occasion. The festival will represent the coming of spring and will be held under the direction of Miss Ernestine Crooke, director of physical education. The young women have practiced with enthusiasm and hope to make the festival one of the most attractive events of the term.

Miss Annie Lott Rowe, of Newburn, was elected May Queen by the student body. Her maids of honor will be Misses Carolyn Knight, Eleanor Atkinson, Norma Dyal, Mary Quillian, Leola Miller, Katherine Holmes, Anita Morgan, Evelyn Bette, Lolla Liddell, Florence Pringle, Lucy Mobly and May Taylor.

E. B. STARKE, SR., DIES SUDDENLY AT ELBERTON

Elberton, Ga., May 11.—(Special.)—E. B. Starke, Sr., died last night after a day's illness. He was 61 years old and very prominent in county affairs. He leaves a wife and several grown children. Mr. Starke was a brother-in-law to Senator B. R. Tillman, of South Carolina, and also of Judge George C. Grogan, of Elberton.

IT IS YOU—the buyer for the home—who purchase the things to eat and wear—it is your ear we want. For some time we have been calling your attention to the advantage of buying from home manufacturers. We have told you about our goods—how they are made right here at home by home people—your neighbor, perhaps, an employee in one of our plants—our goods just as good—or a little better—and just as cheap, as those with a far-away label. Our statements have borne fruit. More and more inquiries are coming in to our offices wanting to know the names of the dealers who sell the trade-marked goods here shown. It shows the loyalty of home people for home products—it shows that you have realized that you are better off—that the community is better off—when your money is kept at home—turned right into trade channels, where you can see it again. **We Thank You for This Interest and This Increasing Patronage.**

MISERY IN HEAD AND BACK

A Lady Writes She Suffered So, Would Have To Stay In Bed For Days. Is Now Well.

Cartersville, Ga.—The following is from Mrs. Will T. Lawson, of Cartersville: "I am writing this because I want other women to know what Cardui has done for me."

"Before I commenced taking Cardui, I had headache so bad, I would have to stay in bed for days at a time. I suffered untold misery with my head and back."

"I saw Cardui advertised and decided to try it. I took three bottles. After taking the first bottle, I could see a vast difference in my feelings, and decided to take the second, and took three in all."

"After taking the third bottle, I felt like a new woman altogether, and I will always praise Cardui as a boon to woman's ills."

"I believe it saved my life, and I am now a well, healthy woman, and my husband joins me in my praise for Cardui."

"Before I began taking Cardui, I was irregular, but since I began taking it, I have been regular and without any pain."

"Everyone tells me I am the picture of health since taking Cardui. I will recommend it to every suffering woman."

"If you suffer from any of the ailments so common to women, or if you feel the need of a good strengthening tonic, why not give Cardui, the woman's tonic, a trial? Begin today. Your druggist sells Cardui."

DEPARTMENT OF COMMISSION MEETING

V. I. Masters of Atlanta
Shows Membership of
2,500,000, an Increase of
63,700 Members Since Last
Convention.

Houston, Texas, May 11.—Delegates
from all parts of the south arrived
here today and tonight to attend the
annual Southern Baptist convention,
which will open tomorrow. The wom-
an's missionary union also will convene
tomorrow, and with the convention
proper, will close the session
through May 17.

V. I. Masters, of Atlanta, Ga., edi-
torial secretary of the Home Mission
board, tonight made public a report
showing a total membership in the
church of approximately 2,500,000, an
increase of 63,700 members since the
last convention. The financial state-
ment attached to the report shows ex-
penditures of approximately \$1,000,000
in home mission work during the past
year and an indebtedness of \$250,000.

Under the head of development work
the report shows that the Southern
Baptist last year maintained thirty-
four mission schools, with 6,281 pu-
pils, and that there were 25,000 Baptist
churches in the Southern territory. Of
these churches, the report states
20,000 are rural churches and 15,000
are urban churches. There are 3,500
houseless churches among the 25,000
pastors who do not live in the
church community.

Development more attention to
morning, the present efforts, however,
to provide permanent places of
worship for the converts of these
houses and provisions for each
pastor to take care of the community
in which he preaches.

After discussing mission work among
Mexicans, Indians, negroes and immi-
grants in the convention's report con-
cludes with the statement that the past
year has shown highly successful re-
sults.

The convention will elect officers to-
morrow, the present officers, however,
serving through this convention.

The delegates tonight indicated that an ef-
fort will be made to consolidate some
of the boards in order to reduce ex-
penses and also that the Baptist
churches in the Southern territory
people of evangelical churches, would
be organized into a new body. The
report also states that the Southern
Baptist churches in the Southern terri-
tory are in a state of financial pros-
perity.

Resolutions were unanimously passed
for the proposal. The speakers in the
debate held last Saturday evening.

INSTITUTE ACQUIRED BY CHRISTIAN CHURCH

Perry-Rainey School at Auburn
to Be Base of University.
J. H. Wood, President.

With the formal transfer in Atlanta
Tuesday of the Perry-Rainey insti-
tute, at Auburn, to the Christian Edu-
cation association of the state, the
Christian church in Georgia has suc-
ceeded in getting control of a state
school to be operated under the di-
rection of that denomination. A move-
ment to this end has been in progress
several years. The institution at Au-
burn was owned by the Baptist church.

The school will be operated next
Tuesday by the Christian Education
association of the state, which has
under the auspices of the Christian
church and will send several new de-
partments and employ teachers to be
sent there.

A meeting of the board of trust-
ees John H. Wood, of Atlanta, a promi-
nent minister and national officer in
church affairs, was elected chancellor
of the new Christian college and im-
mediately assumed his duties. Judge
T. O. Hathcock, of Atlanta, was chosen
president of the board of trustees.

ATLANTA'S STORIES FROM DAY TO DAY

While there are no big central deals
in Atlanta real estate in view for the
present, the market is active and
yesterday that an unusually large
amount of inquiries for smaller
properties are being received. On the
edge of the week a score of small
deals were made.

On Tuesday, despite the
mentioned, and on Tuesday, despite the
inclement weather conditions, several
sales were closed.

Tuesday's sales.

Tuesday's realty news announce-
ments constituted a few small sales
and a few inquiries. The power
agency, sold to H. J. Carr to Mr.
H. J. Carr, at \$10,000.

The school will be operated next
Tuesday by the Christian Education
association of the state, which has
under the auspices of the Christian
church and will send several new de-
partments and employ teachers to be
sent there.

A meeting of the board of trust-
ees John H. Wood, of Atlanta, a promi-
nent minister and national officer in
church affairs, was elected chancellor
of the new Christian college and im-
mediately assumed his duties.

Resolutions were unanimously passed
for the proposal. The speakers in the
debate held last Saturday evening.
